## Objective

Motivated professional with expertise in data science and machine learning, complemented by strong computer science fundamentals. Proven ability to apply analytical thinking to solve complex problems and drive innovation. Committed to enhancing efficiency and supporting long-term growth in dynamic environments.

## Skills

### Technical Skills

- Python, Java, JavaScript, SQL
- HTML, CSS
- Power BI, Microsoft Excel

### Computer Science Fundamentals

- Data Structures & Algorithms (DSA)
- Object-Oriented Programming (OOP)
- Database Management (MySQL, SQL Queries)
- Computer Networks (TCP/IP, DNS, OSI Model)

## Education

Geethanjali College of Engineering and Technology | Hyderabad

**Bachelor of Technology in Data Science**

CGPA: 8.2 (Nov 2022-Present)

Bhavans Sri Aurobindo Junior College (2022) CGPA: 8.7

Gautami Talent School (2020) CGPA: 10

## Internship

HBIC Solutions, Hyderabad

Intern, Machine Learning Department

(05/2025 – 06/2025)

- Performed data cleaning, preprocessing, and feature engineering across 25+ machine learning projects
- Conducted data visualization and exploratory analysis to identify trends and insights

## Projects

### • Alternate Medicine Recommendation

(06/2024 – 08/2024)

Built a Streamlit web application to recommend alternate medicines based on user inputs, featuring a user friendly interface accessible to both technical and non-technical users through personalized recommendations.

### • Foodies Web Application

(12/2024 – 01/2025)

Developed a location-based web application enabling users to discover restaurants within a 5 km radius, with features for order customization and payments. Designed an efficient and user-friendly interface.

### • Steganography Web Application

(09/2025 – 10/2025)

Developed a secure web application that hides and retrieves secret messages using AES-256-GCM encryption and LSB steganography, enabling private and fully offline text-in-image communication using a shared AES Key.

## Certifications

Python for Data Science (IBM Certification), JavaScript Essentials (Global Certification)

ServiceNow Certified System Administrator & Certified Application Developer (Global Certification)

## Achievements

- Presented the paper “Fingerprint-Based Access Control System for College Events” at the International Conference ICAES-2025, demonstrating strong technical and presentation skills.
- Received a Certificate of Appreciation for coordinating the Bhaswara cultural event, highlighting leadership, teamwork, and event management abilities.
